

1Agenda 11-20-14

Employ.me

Sabrina Drammis, Grant Gunnison, Danny Sanchez, Sam Edson

- New design idea: Employers can post problem challenges
 - Users can submit their responses to the challenges
 - They are given points or some sort of badge to signify completions
- Experience seems to be important to employers
 - How do we integrate this into our application?
 - Links to projects?
 - Should we allow searching on internships?
 - Adding tags to experience?
 - This would allow for experience to affect searching
- Thoughts on MVP
 - ideas and feedback
 -
